Bachelor in Management (BSc)

The Bachelor in Management (BSc) allows students to become experts in management science and learn how to make complex decisions. While exploring humanities, they practice interpersonal skills and lead multicultural teams.

During the three years of study, they have the opportunity to live in three different countries and communicate in multiple languages, always within the same institution. Our interactive digital and in-classroom learning environment encourages students to have a constant exchange with our passionate professors across all countries throughout their studies.

The active learning pedagogy and multinational teamwork, together with the soft-skills workshops, prepare students for their future international careers. The learning-by-doing and real-world experience gained during internships help to further increase their employability.

The ESCP Regatta: Students and Alumni sail together

The ESCP Regatta symbolises what ESCP is all about. Once a year, students from all six campuses, as well as members of staff, faculty and alumni, gather in Italy for a weekend at sea. The event is a unique opportunity to fully exploit the potential of a multicampus school and to strengthen and broaden the group spirit key to the ESCP community.

Now in its 16th edition, the ESCP Regatta has become a highlight of our sporting, networking, and social calendar. Over the years, thousands of participants have sailed together, navigating yachts around Italy's stunning coasts, including the island of Ortigia in Sicily, Capri and Ischia in the Gulf of Naples, Porto Rotondo in Sardinia, and Punta Ala in Tuscany.

The Regatta is more than just a sporting event; it's a unique opportunity for the ESCP community to come together, to enjoy informal networking and team-building experiences.
